THIS APPLICATION is to be filed with the Director, Pollution Control, Greater Vancouver Regional District. Any person who qualifies as an objector under section 13 (3) of the *Pollution Control Act, 1967* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

The copy of the complete application is available for the inspection by anybody between the hours of 8 a.m. and 4 p.m. at the Regional District Office.

MacMillan Bloedel Limited, of 1075 West Georgia Street, Vancouver 5, B.C., hereby applies to the Director for a permit to discharge or emit contaminant(s) into the air from Canadian White Pine Division (sawmill) located at foot of Kinross Street, Vancouver, and gives notice of its application to all persons affected.

The discharge or emission shall be located within perimeter of properties described above, i.e., foot of Kinross Street, Vancouver.

The rate of discharge is (dry basis): (a) Maximum, 509,000 SCFM. (b) Average daily (based on normal daily operating period), 388,700 SCFM.

As this approach has never been tried before, the results cannot be guaranteed, however, pilot plant results indicate that reduction in emissions will enable power boiler to meet Level B. Sawdust cyclone emissions will be reduced to meet Greater Vancouver Regional District guidelines.
